CRIMINAL CASE IN ESPOO CITY COURT

The criminal case in Espoo City Court started today at 1 p.m.. The hearing took 2 hours and it handled only procedural claims. Mr. Aurejärvi and Mr. Salo admitted that they have right to accuse only for gross man handling so the marketing crimes and endangering etc. will wait the decision of public prosecutor. Public prosecutor informed that he will make his decision in two months. The next hearing will take place on September 25.

Mr. Salo stated that they will hear two witnesses in the next hearing. They will testify about health issues.

Mr. Aurejärvi came and discussed with me. He stated that the next case will be Amer's and he asked: "You don't know yet?".

Best regards,

Kalle Soikkanen
